#### a mediterranean city

Alicante combines classicism with modernity, leisure with business, fun with study, and even mountain and beach.

The richness of Alicante's history is preserved through its archaeological remains. The beauty of its monuments along with the charm of various festivities and cultural events held throughout the year increase the appeal of the city.

The wonderful beaches and mild climate all year round make Alicante one of Spain's most important tourist areas.

All in all, Alicante is a Mediterranean city, with its beautiful beaches, its promenades, its restaurants, cafés and terraces, its nautical club...

If you go up to the top of the hill of the Santa Barbara Castle, you will discover an unforgettable panoramic view of the most important monuments in Alicante: the church of Santa Maria, the Cathedral, the Town Hall façade, the monastery of Santa Faz, the San Fernando Castle and much more. Seeing all these magnificent monuments from above will invite you to go down the hill and walk along them.

Along the streets, you will come across large and small palaces, as well as traditionally painted white, yellow and pink houses. Everything is illuminated by the blue light of the Mediterranean Sea and encourages you to continue walking around and discovering places.

The widest avenues, such as La Rambla or Doctor Gadea will lead you to Alfonso X el Sabio Street with the Luceros on one side and the Central Market on the other, just opposite the School of Spanish.

There might be some changes in the schedule and in the programme, depending on the Summer Camp, the weather, the festivities celebrated, and the concerts and shows organized in Alicante.

Children Programmes have a high level of supervision and the students are constantly supervised by the Spanish School staff, the host family or group leaders (walking to class, going to the summer camp, in the excursions...).

#### host families

Living with a Spanish family is one of the best ways to get to know the country, including its culture and its people. It will also allow students to practice the Spanish language in a natural way.

The majority of the host families are near the school, around 10 or 15 minutes walking. If children live more than 20 minutes walking, we provide them with bus tickets to go to the school. All the quarters of the city are connected to the centre by urban buses running every 10-15 minutes. A person from the host family or a group leader from Zador accompanies children to go to the School, the Sport Camp...

The families are selected and visited regularly by our staff. In all of them, students will find a warm atmosphere that will help them get integrated into the family and city life very quickly. Families usually have children with a similar age to the students.

Students will have a single room or a twin room for friends or for two students from the same family coming together.

The family provides the bed linen and towels, but they must bring their own towels for the beach. Students will have laundry once or twice a week and they should keep their room clean and tidy, and share the housework with the rest of the family ("small tasks").

As in any family around the world, there are also a series of rules students must follow: be punctual to meal hours, let the host know if they are not having lunch or dinner at home, phone when arriving late...

Students have to take into account that the house in Spain is considered a private family place. Therefore, if children want to have a guest over, they should ask permission, keeping in mind that in most cases the family will not fancy the idea.

All the children should arrive the evening before the beginning of the Spanish & Summer Camp and leave the accommodation the day after the end of the Programme. Days before or after are considered extra nights.

\*We provide parents all the information about the host family (house description and photos, personal details, hobbies, profession, age.... Of course, if parents want, the can visit the Host family).

#### full board with four meals

Regarding the meals, children will have full board with 4 meals:

- Breakfast: Breakfast in Spain usually consists of juice or yogurt, hot chocolate or coffee with milk, bread or biscuits, butter and jam or cereals.
  - Sandwich ("Bocadillo") to eat during the Summer Camp.
- Lunch: During the week, from Monday to Friday students will have lunch at the Camp Restaurant with 3 courses (starters, meat or fish and dessert). On Saturday children receive usually a packed lunch with two sandwiches ("bocadillos"), fruit and drink, thus they can enjoy the excursions and trips. On Sunday they have lunch with the host family. Lunch time in Spain is between 2.00 p.m. and 3 p.m. and it is the biggest meal during the day and it is usually the meeting the whole family.
- Dinner is around 21:00 during the week and there is not a fixed time during the weekends.
- Special requirements: children with special dietary requirements should make a note in the enrolment.

All children will receive a "Meal list" to choose their favorite dishes just as a suggestion for the host family.

One week before the beginning of the Spanish Programme, you will be supplied with the information concerning the accommodation: host family address, names, ages, profession, hobbies of the family and an email to contact them before arrival just to introduce them.

## some rules in the family

Phone calls and Internet: Children must use calling cards. The family should be notified if students want to make reverse charge calls. To receive phone calls the limited time is around 10.30 p.m. Internet and phone access varies by family.

Student expenses: Remember that the student should pay their own expenses on excursions, restaurants, cinemas, cafés... We suggest around € 5- € 8 per day as pocket money.

## transfer from the airport

#### a 24-hour pick-up service

Alicante has excellent connections with other cities in Spain and Europe.

The majority of the students arrive by plane. The Alicante airport (El Altet) is located 11 km from Alicante and it takes about 30 min from the airport to the city centre. There are domestic and international flights that connect Alicante to the main European and Spanish cities.

Transfer service from Alicante airport, bus station or train station is included in the package price. A representative of the school will pick students up at the airport and bring them directly to their place of accommodation.

Fill in the corresponding section in the enrolment form, specifying clearly the Airline, the flight number, the date and time of your arrival. It is necessary a Parental Permission to pick the child up in case the minor travels alone.

Since Alicante airport is small, you will quickly see a person with your name that will be waiting for you when you exit the terminal.

Zador Spanish school provides you a 24-hour pick-up service from the airport to go directly to the accommodation. From 22:00 to 8:00 there is an extra cost.

All the students are covered by a medical, accident and travel insurance: INSURANCE INCOMING PLUS, especially designed to cover contingencies in foreigners' trips taken in Spain, is the most comprehensive and complete insurance on the market and recommended by the main receptive Travel Agencies.

Includes 7 types of insurance in 1: Medical assistance, with the highest limit on the market for illness or accident, with repatriation and relocation for health to your country of origin; robbery of, search for and localization of baggage; loss of services previously contracted; delays of trip and baggage; accident while travelling
