a mediterranean city

If diversity is what you are looking for in your Spanish immersion courses in Spain, you will find plenty of it in Alicante, in the Costa Blanca region.

Alicante combines classicism with modernity, leisure with business, fun with study, and even mountain and beach.

The richness of Alicante's history is preserved through its archaeological remains. The beauty of its monuments along with the charm of various festivities and cultural events held throughout the year increase the appeal of the city.

The wonderful beaches and mild climate all year round make Alicante one of Spain's most important tourist areas.

All in all, Alicante is a Mediterranean city, with its beautiful beaches, its promenades, its restaurants, cafés and terraces, its nautical club...

If you go up to the top of the hill of the Santa Barbara Castle, you will discover an unforgettable panoramic view of the most important monuments in Alicante: the church of Santa Maria, the Cathedral, the Town Hall façade, the monastery of Santa Faz, the San Fernando Castle and much more. Seeing all these magnificent monuments from above will invite you to go down the hill and walk along them.

Along the streets, you will come across large and small palaces, as well as traditionally painted white, yellow and pink houses. Everything is illuminated by the blue light of the Mediterranean Sea and encourages you to continue walking around and discovering places.

The widest avenues, such as La Rambla or Doctor Gadea will lead you to Alfonso X el Sabio Street with the Luceros on one side and the Central Market on the other, just opposite the School of Spanish.

Zador Spanish language institute in Alicante occupies the first floor of a restored historical building, situated right in the Alicante city centre.

Alicante Spanish school is **at 14, AVENIDA DE LA CONSTITUCIÓN**, near the corner of the Alfonso X el Sabio Street, between the Central Marketplace and the city's Principal Theatre.

The Spanish language centre is very well situated. It is 7-10 minutes on foot from the beach, in a very dynamic and commercial area of Alicante. The market, the theatre, the shops, cafés, restaurants and terraces create a lively atmosphere at any time of the day or night.

The Spanish language school in Alicante has:

- An spacious **reception area**, where you will find a sofa, armchairs and easy chairs to relax during the breaks between your Spanish lessons. Here you will also find a great deal of tourist information about Alicante as well as bulletin boards with the activities offered by Zador Spanish language school or events in Alicante and surrounding area.
- An **office** where there will always be someone to inform you and give all the information and support you need.
- A **computer area**, where you can send and receive your emails.
- **7 classrooms**, each decorated in a different style: the glazed tiles class-room, the bay window class-room, the glass window class-room... all pleasant and welcoming, with video and audio equipment, where you will certainly enjoy working and learning Spanish.
- **Free Internet access** is available on the computers at the resource centre.
- Alicante Spanish language institute is equipped with air-conditioning.

Smoking is not allowed in the language school.

The Zador Alicante Spanish language school premises comply with all the legal requirements and are accessible to the handicapped.

- There is a great focus on oral skills so that students develop an ability to communicate fluently, accurately and efficiently in Spanish language.

Our small-group Spanish lessons will:

- allow to get the most from our personalized teaching,

2 week Sailing Summer Camp and Spanish lessons for teenagers from 14 to 17 years old in July and August in Alicante.

3 hours every morning from Monday to Friday to learn sailing in GAMBIA, LASER Bahía and OPTIMIST sailboats: from the first week you will be ready to start learning to navigate.

After a short theoretical introduction to the basis of sailing, such as: rigging up, wind, basic trimming, rudder, centreboard, capsize and recovery... you will be doing some basic practices on the channel of the school and right after, sail away on your Skif sailboat under the supervision of an instructor. Students start to sail divided into groups of 5-6 people in fast boats that will make them feel many new things. Participants finish the course sailing on their own boats in groups of 2-3 students supervised by an instructor on a safety boat.

The programme includes 3 Spanish lessons per day in the afternoon, transport tickets, full board host family stay, cultural visits, 1 full day excursion per week, transfer from the airport and insurance.

windsurfing summer camp

learn spanish and learn windsurf

2 week Windsurfing Summer Camp and Spanish lessons for teens from 14 to 17 years old in July and August.

3 hours every morning from Monday to Friday to learn Windsurfing. It is maybe true that windsurfing requires lots of patience, dedication and a certain degree of sacrifice to start with. But it is also true that when the first step is done, we will be ready to enjoy one of the most pleasant water sports. In the windsurfing summer camp you will find all the necessary to learn and practice windsurfing in ideal conditions.

Funny and exciting, young people learn how to windsurf with balance exercises and many baths. Once they are able to navigate, they learn to plane and to play with waves. They will be always supervised by a trainer on a safety boat.

After eating with the host family, the students go to the school to learn Spanish until 18:30 h. When the lessons are finished, students with a leader visit Museums, Parks, participate in games, go to the beach... and finally, around 20:30 or 21:00 students go to the family having dinner.

We know students want to learn Spanish but we also know that there are many other things surrounding the language that are important and interesting for them. Language, culture, monuments, gastronomy, the beach... After the Spanish lessons and during the weekend, all these things will make their stay the perfect language immersion.

From Monday to Friday activities take approximately from 2 hours depending on the activity. On Saturday or Sunday, the full day excursion takes approx. 8 hours.

When a ticket entrance or a transport is necessary, the price is included in the cost. Transport could be public or private (decision to be taken by Zador). A Zador leader will accompany students during the activities.

Junior Programmes have a moderate level of supervision and the students will be expected to act mature and responsibly as, although they are accompanied at least the first day, they will NOT be constantly supervised (walking to class, going to the summer camp, shopping...).

host families

Living with a Spanish family is one of the best ways to get to know the country, including its culture and its people. It will also allow students to practice the Spanish language in a natural way.

The majority of the host families are near the school, around 10 or 15 minutes walking. If students live more than 20 minutes walking, we provide them with bus tickets to go to the school. All the quarters of the city are connected to the centre by urban buses running every 10-15 minutes.

The families are selected and visited regularly by our staff. In all of them, students will find a warm atmosphere that will help them get integrated into the family and city life very quickly. Families usually have children with a similar age to the students.

Students will have a single room or a twin room for friends or for two students from the same family coming together.

The family provides the bed linen and towels, but they must bring their own towels for the beach. Students will have laundry once or twice a week and they should keep their room clean and tidy, and share the housework with the rest of the family.

As in any family around the world, there are also a series of rules students must follow: be punctual to meal hours, let the host know if they are not having lunch or dinner at home, phone when arriving late...

Students have to take into account that the house in Spain is considered a private family place and organising parties or dinners is not very frequent. Therefore, if students want to have a guest over, they should ask permission, keeping in mind that in most cases the family will not fancy the idea.

All the students should arrive the evening before the beginning of the Spanish course and leave the accommodation the day after the end of the language course. Days before or after are considered extra nights.

full board with three meals

Regarding the meals, students will have full board:

- **Breakfast:** Breakfast in Spain usually consists of juice or yogurt, hot chocolate, tea or coffee with milk, bread or biscuits, butter and jam or cereals.
- **Lunch:** During the week, from Monday to Friday students taking part in Tennis, Sailing or Windsurfing Camps receive usually a packed lunch with two sandwiches (“bocadillos”), fruit and drink, thus students can enjoy the beach or the swimming pool in the tennis school. On Saturday or Sunday (depending on the excursion planned for the weekend) lunch time in Spain is between 2.30 p.m. and 3 p.m. and it is the biggest meal during the day and it is usually the meeting of the whole family. Students in the programme Spanish plus Tennis lessons will have lunch every day with the family around 14:00.
- **Dinner** is around 21:00 or 21:30 during the week and there is not a fixed time during the weekends.
- **Special requirements:** students with special dietary requirements should make a note in the enrolment.

All junior students will receive a “Meal list” to choose their favorite dishes as a suggestion for the host family.

One week before the beginning of the Spanish language course, students will be supplied with the information concerning the accommodation: host family address, names, ages, profession, hobbies of the family and an email to contact them before arrival just to introduce them.

some rules in the family

Phone calls and Internet: Students must use calling cards. The family should be notified if students want to make reverse charge calls. To receive phone calls the limited time is around 10.30 p.m. Internet and phone access varies by family.

Student expenses: Remember that the student should pay their own expenses on excursions, bars, restaurants, cinemas, cafés... We suggest around € 15 per day as pocket money.

transfer from the airport

a 24-hour pick-up service

Alicante has excellent connections with other cities in Spain and Europe.

The majority of the students arrive by plane. The Alicante airport (El Altet) is located 11 km from Alicante and it takes about 30 min from the airport to the city centre. There are domestic and international flights that connect Alicante to the main European and Spanish cities.

Transfer service from Alicante airport, bus station or train station is included in the package price. A representative of the school will pick students up at the airport and bring them directly to their place of accommodation.

Fill in the corresponding section in the enrolment form, specifying clearly the Airline, the flight number, the date and time of your arrival.

Since Alicante airport is small, you will quickly see a person with your name that will be waiting for you when you exit the terminal.

Zador Spanish school provides you a 24-hour pick-up service from the airport to go directly to the accommodation. From 22:00 to 8:00 there is an extra cost.

medical and accidents insurance

All the students are covered by a medical, accident and travel insurance: INSURANCE INCOMING PLUS, especially designed to cover contingencies in foreigners' trips taken in Spain, is the most comprehensive and complete insurance on the market and recommended by the main receptive Travel Agencies.

Includes 7 types of insurance in 1: Medical assistance, with the highest limit on the market for illness or accident, with repatriation and relocation for health to your country of origin; robbery of, search for and localization of baggage; loss of services previously contracted; delays of trip and baggage; accident while travelling 24 hours; civil liability and legal defence.
