

Spanish and activities with young Spanish in Alicante

The city: Alicante, pleasure in diversity!

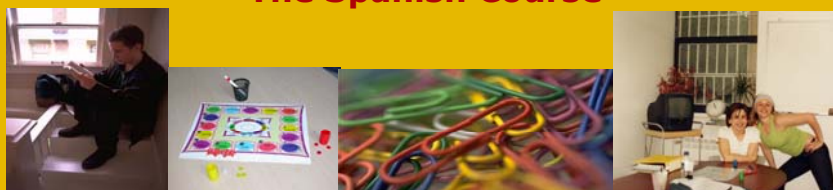

If diversity is what you are looking for, you will find plenty of it in Alicante. The city combines classicism and modernity, leisure and business, fun and studying and even the mountain and the beach.

The wonderful beaches and mild climate all year round make it one of Spain's most important tourist areas. The beauty of the monuments added to the charm of the various festivities and cultural events held throughout the year increase the appeal of the city.

All in all, Alicante is a maritime city, with its beautiful beaches, its walk along the coast, its restaurants, cafés and discotheques, its nautical club and its harbour.
